

USE

With these characters, it is possible to print economically and easily by the use of our accessories (brushes-inks). Printing on package (wood-cardboard). Quick realization of panels or sign plates.

STRONG POINTS

- Reusable, in metal
- Resistant to humidity and UV
- Solid and easy to use
- Easy cleaning (water, solvent depending on ink)
- Support fold for a good grip
- Notch for marking and alignment aid (up to 120 mm)
- French manufacturing by us

SPECIFICATIONS

- Quick availability (on stock)
 - Available from 5 mm to 300 mm (height of characters)
 - Packaged in sets of 10 digits (from 0 to 9) or in alphabet of 26 letters
 - For marking without sagging, use a stencil brush suitable for stamping, as well as a sufficiently thick ink
- On request, manufacture of special stencils (symbols, logos, large size stencils, pedestrian sign, disabled sign, etc.)
